Every Family Should Own This Book. April 2, 2002

A delightful book, it brought back memories of my own life as a child, and made me wish I had shared more time "together" with my young nieces than I too, could have shared in a cherry pie eating contest. I would have been right in there, face first along with them! Simply precious.

I loved revisiting my experiences through your stories in the book.

I cannot tell you how much I've enjoyed your book. I stopped at a restaurant ...and took your book in and soaked up the warmth of it over a very long lunch! I grew up in a family full of wonderful memories and special occasions. I loved revisiting my experiences through your stories in the book. Our time spent on this planet is precious and all we really have is our connectedness to one another.

A gem...

What a great find...I was given this book as a gift and I can't wait to try these projects and recipes with my nieces and nephews. Not only is this filled with beautiful pictures and a joy to look through, but when reading it, I couldn't help but recall memories from my own childhood. I especially like the fact that the projects are for children of all ages, this book is for everyone! I highly recommend "Together"...it makes a wonderful gift, and I know that first hand. This book definitely stands out from any others I have come across!

It seems like everyone I know is either getting married or starting a family this year. I love Together: Creating Family Traditions. It's the perfect bridal shower / baby shower gift, as it covers everything from creative ideas to recipes to family journaling. (The recipes for mom's blueberry muffins and Grandmother Borland's cookies are yummy!) The pictures are vivid and beautiful, the prose is thought provoking and tenderly written, and the little touches, like the satin ribbon bookmark, are just lovely. I bought multiple copies to give as gifts, and have received a bevy of ecstatic thank-you notes from brides-to-be and mothers-to-be.

My kids and I love thumbing through the beautiful pictures for inspiration.
